

COMPETITION DEFINITIONS

Horse Show: Classes are held within a ring riding in a group and pinning only the first six competitors.

Dressage Shows: Individual testing on rider and horse doing movements in sequence with the test memorized.

Combine Training: Consists of 2 parts. Dressage and Stadium Jumping. Stadium jumping is done on an individual basis over a marked course. Jumping may be held in an enclosed ring or an open field with ribbon fencing.

Horse Trials: 3 Parts – Dressage, Cross Country and Stadium Jumping. Cross country element is also known as the endurance phase where rider and horse go out into woods and field to a course of natural jumps with various challenges.

Hunter Paces: Non-competitive and competitive mapped trail ride done in groups. A real fun experience!!!

Derby Cross: This competition combines the speed and accuracy of show jumping with the bravery and endurance of cross country jumping. Courses will consist of 14-20 elements appropriate for the level entered. All elements will follow the USEA stadium and cross country widths and heights. This is a timed event and can be participated in as a team member or individual.
